Dear Delegates,

Biotechnology-2011 would like to take pleasure of inviting you to the World Congress on Biotechnology 21-23 March 2011 to be held in Hyderabad International Convention Centre (HICC), Hyderabad, India.

Biotechnology-2011 anticipates 50 Keynote Speakers, 300 Oral Presentations, and 500 Poster Presentations from all over the world. The attending delegates including more than 400 Editorial Board Members of OMICS Group Journals related to Biotechnology. This is an excellent opportunity to the delegates of Indian Universities and Institutes to interact with the world class Scientists. Organizing Committee invited the best of the faculty from the International and National who are the experts in the field. HICC is the best venue which is rated second to none in whole of South Asia with state-of-the-art facilities which can accommodate more than 10000.

Register for the conference along with your colleagues and avail the delegate early bird offer.

Regards

Biotechnology-2011 Organizing Committee

About OMICS Group

OMICS Publishing Group is ardent to open access. We strongly believe that removing barriers to research published online will greatly aid progress in science and technology.

Papers published in Journals of OMICS Publishing Group are peer reviewed, distributed widely through the internet and archived in permanent open access repositories.

OMICS Group Journals
- 70 Open Access Journals
- 5000 Editorial Board
- 10,000 Reviewers team
- 1 Million Users
- Becoming one of the World’s best Open Access publisher

Key features:
- User friendly/feasible website-translation of publish paper to more than 50 world leading languages.
- 21 days rapid review process
- Publication within 7 days of acceptance
- Quality editorial review processing by Editorial Manager®

OMICS Group Conferences
- 15 Conferences all over the world 2010-2011.
- Well organized scientific program
- Well known delegates and speakers across the globe

Key features:
- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

ABOUT HYDERABAD

A quarter century ago, industrialists Birlas built a temple in Hyderabad entirely in marble brought from Rajasthan and dedicated it to Lord Venkateswara, known as Baji in the north. The temple, built on a hillock called kala pahad, one of the Naubat pahad twins, lords over its equally celebrated surroundings comprising the imposing secretariat building, the azure-blue waters of Hussain Sagar, the serene and halcyon Lumbini Park.

BIRLA MANDIR

The Golconda fort is situated in the western sector of Hyderabad city, about 8.5 Kms from the Hussain Sagar Lake. Originally known as Mankal, Golconda was built on a hill 1143. It was a mud fort under the control of the rajah of Warangal. Later this fort was strengthened and enlarged during the 14th and 17th centuries by the Bahmani sultans and the Qutub Shahi dynasty.

RAMOJI FILM CITY

The Hussain Sagar Lake in Hyderabad is an enchanting lake and is the largest man-made lake in Asia. Hussain Sagar Lake always attracts visitors throughout the year who become mesmerized by its radiant calm blue water. It was built by Ibrahim Qutub Shahi in 1562, on the tributary of the river Musi. Buddha statue that stands majestically in the middle of this placid lake. The 16 meter tall, 350 ton monolithic gigantic sculpture raises high from the calm waters of the scenic Hussain Sagar Lake. The statue is entirely made of white granite, finely sculpted and stands grandly on a wide dais amidst the glistening waters of the lake. A boat ride to the statue of Buddha is an unforgettable one and gives a feeling of immense peace.

TRAVEL & GENERAL INFORMATION

How to Reach Hyderabad

The capital city of Hyderabad is well connected to most major Indian cities and some overseas. Other Important airports of the state include Tirupati, Vijayawada, and Visakhapatnam.

AIR:
Hyderabad is well connected to national and international destinations with both National and International air carriers. The New GMR Hyderabad Domestic & International Airport has been functional since March 2008 and has replaced the old Begumpet Airport. The New airport is located approximately 22 kms from Hyderabad city centre for more information on the new airport and its connectivity to the City Centre, please log onto www.newhyderabadairport.com

RAIL:
There are three railway stations-Hyderabad or Nampally, Secunderabad and Kachiguda. Secunderabad main station is well connected to all cities of the country. Being the headquarter of South Central Railways, Hyderabad is well connected from all major cities of India. For online Rail reservations, please log onto www.irctc.co.in

Airport Details
Hyderabad Rajiv Gandhi Domestic & International Airport: 22 kms from Hyderabad city centre

Dedicated Airport Shuttle Coaches:

Fare: ₹ 150/- (inclusive of tax) per trip. Four designated locations in the city
